

CREATING CONTENT IN BLACK BOARD

A. Including a picture in the text area under Item

In the course content area, under **Build Content**, *Item*, *File* and *Content Folders* are the three main options you will use the most. There are times when you may want to add a picture or link to an Item.

1. Access your content area. Then click on “**Build Content/ Item**”.

2. Enter a name for your item.

* Indicates a required field.

5. Next, in the Target box, you'll notice it says "**Open in this Window/Frame**". We want that to change.

6. Click on the down arrow and choose "Open in New Window (_Blank)".

7. then click insert on the right.

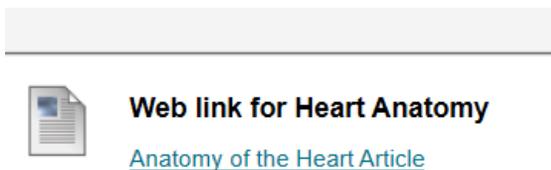

You'll notice that your text has been colored and underlined indicating that it is now a hyperlink.

For the toolbar, press ALT+F10 (PC)

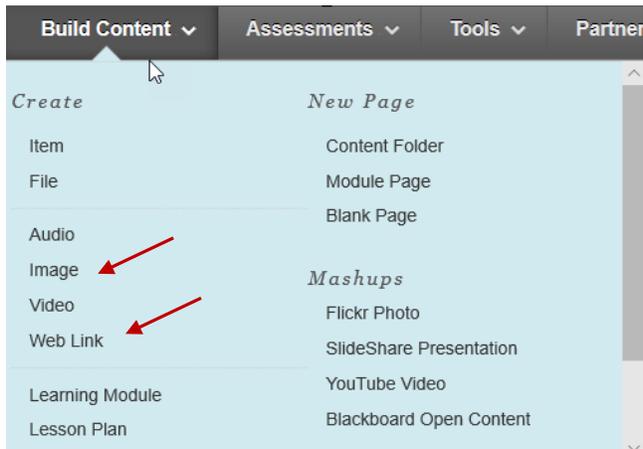

8. Leave all other options as default in your new Item and click submit. If you scroll down, you will see your latest Item added and right under it, is the **web link** you created.

9. If you click on the link, the document will open in a new window for your students to navigate to and read.

NOTE: there are other options to allow you to insert Images and Links under Build Content. We will get to those in other videos.

For now, include your images and or links in the text portion of your item.
